## Price vs Quality

You may be able to buy cheaper roots, but you cannot buy better. You never get more than you pay for.

We do not force our plants for flowers, as we have a very limited sale for cut flowers, our plants are not cut to just a bare stock but are allowed to grow natural and are stronger and more vigorous the next year because the life has not been forced out of the roots for a few more flowers of greater size, and they are properly grown and fed to insure the greatest amount of vigor.

### Discounts

On any retail order for \$5.00 or more you may choose in roots (Not Cash) 10% of your order.
